## W HOTELS, A STORYBOOK OF STYLE

STARWOOD, these are nine unique brands, with more than 860 hotels and complexes spread out in 95 countries. Today, we shall speak to you of one of them, W HOTELS, which actually includes 22 establishments today, and plans 24 openings before 2010. "The difference with W is in the details. Inspiring. Iconic. Innovative. Influential. From our inception, W Hotels has approached its spaces with both design and comfort in mind. Every W Hotel is a new chapter in a storybook encounter of style and soul, and as our story has taken us around the world, we have created our hotels to be unique and individual expressions of modern travel and modern living.

## QUEEN VICTORIA, THE LATEST OF CUNARD

Between tradition and modernity, Queen Victoria, the recent ship of Cunard, inherited the elegance of the company's ships with an additional touch of originality and characteristic innovations. This ship is a real "Cunarder" in the red and black colours of the company ; as well as a warm and refined interior : luxurious marbles and elegant wood, mellow moquettes, silky materials and furniture fabrics and fabrics for furnishing in soft colours which assure a sumptuous comfort.

## DESTINATION OF THE MONTH : TANZANIA

In association with

Tanzania is not only a synonym of wild animals, endless deserts, tropical savannahs, impressing summits and big lakes, it is also and above all the Cradle of Humanity. Today even, people there live in the rhythm of the seasons, in perfect harmony with nature, and continue practicing ancestral rituals. We invite you to leave and meet them, to submerge you in a vertiginous whirlwind of colours, scents and sounds... Africa is there, and vibrates of all its wild nature ...
